Preface

WE take pleasure in presenting our latest illustrated catalog of General Hospital, Medical, Surgical, Laboratory, Chemists and Photographers Glass Ware.

Please note the loose leaf form which we have prepared for your convenience. As new items are produced, new sheets will be mailed to you and we ask that they immediately be inserted when you receive them, you will then have complete information at all times.

By referring to index you will see that we have effected a simple and easy way to obtain correct information.

The quality of our products are fully established, we have produced them continuously since 1902.

We list and illustrate only the general standard items.

If you are in need of other items not shown, we will be pleased to answer your inquiry by mail.

We have a staff of efficient glass workers, also mold makers, and are well equipped to produce any private items.

We take this opportunity to thank our customers for their patronage and support of the past and hope to improve our service and bring about conditions which will assure a continuance in the future.

Yours very truly,
CAMBRIDGE GLASS COMPANY,
Cambridge, Ohio.

Bureau of Standard Shape
Graduated Leader
Apothecaries Measure

The illustrations show different shapes and styles of graduations.

Graduated "Standard" is the old method of graduating, with the principal lines extending entirely around the graduate.

Graduated "Leader" is the new method of graduating with none of the lines extending over half way around the Graduate.

To meet with the requirements of the Bureau of Standards of the U. S. A., it became necessary that we produce a new shape and this we have now named "Bureau of Standards," this shape having been approved by that Bureau and is standard for the U. S. A.

THE FOLLOWING PRICES APPLY TO EITHER THE "BUREAU OF STANDARDS" "PERFECTION," "CONE" OR "BEAKER" SHAPES.

Each Graduate is packed in an individual carton and is **guaranteed** accurate.
