Graduates.

We use in our engraving department a special device of our own which enables us to warrant the accuracy of our work. Each line on every graduate is determined separately and with the same precision. The principal lines except on double scale and sizes below $\frac{1}{2}$ ounce extend entirely around the graduate. We guarantee each graduate as to accuracy of engraving and fine quality of glass.

Many of our customers desire to have their firm's trade mark or name etched on each graduate. We are prepared to execute this work at a cost of 15c per dozen net, plus cost of stamp.

All graduates packed in separate cartons which can be stamped with your name at a very small cost.

All Styles Graduates made in Apothecary, Metric or Double Scale.
